www.airlinehyd.com

About Airline

Airline Hydraulics is ready to specify, stock, and support the technology you need.

In business since 1949, Airline Hydraulics Corp. provides high-quality components, engineered systems, and reliable service and repair for industries that rely on fluid power, automation, and machine safety technologies. Leverage our expertise to address anything from simple orders to complex challenges that demand exceptional technical skills.

Customized systems designed and built in our expansive **value-add locations**

Fast delivery from our local warehouses

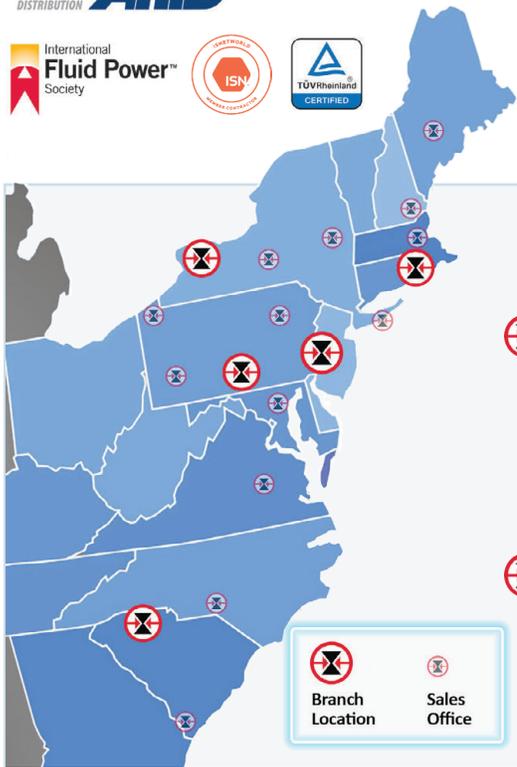

Exceptional support and field service

Online ordering

Tech Traveler product roadshow

Our value-add locations

MID-ATLANTIC (headquarters)

ISO 9001 Certified
Operations: 3557 Progress Drive, Bensalem, PA 19020
Warehouse: 2100 Frost Rd., Suite 100, Bristol, PA 19007
(215) 638-4700, Fax: (215) 638-1707

CENTRAL PA

3425 Woodbridge Court, York, PA 17406
(717) 767-6466, Fax: (717) 764-2147

NEW ENGLAND

ISO 9001 Certified
376 Dry Bridge Rd., Bldg. B-1
N. Kingstown, RI 02852
(401) 583-0190, Fax: (401) 583-0191

NEW YORK (hydraulic service & repair)

ISO 9001 Certified
4474 Walden Avenue, Lancaster, NY 14086
(716) 681-8474, Fax: (716) 681-8514

SOUTH CAROLINA

120 Corporate Drive, Suites G-J,
Spartanburg, SC 29303
Toll Free: (215) 638-4700

Branch Location

Sales Office

We're built for your business

Same Day Shipping

For in-stock orders placed before 3:30 pm EST.

Data Interchange

We offer data interchange to seamlessly process orders and billing via EDI, cXML, and API.

EFT Electronic Funds Transfer

Secure, efficient, and cost-effective electronic payments.

Custom Part Numbers

Order with your own custom part number, cross-referenced to the manufacturer's part number.

Custom Packaging

Including kits, bar-coding, QR coding, bulk identification and packaging, prep for overseas packages, and more.

VMI (Vendor Managed Inventory)

Ask about our VMI program to monitor & replenish your inventory as needed.

NETWORK SERVICES

Deploying and maintaining a secure and reliable network can be challenging. Airline and our partners at Phoenix Contact can listen to your unique requirements and deliver a highly available and secure network environment.

PREDICTIVE MAINTENANCE

The last thing you want to worry about is costly breakdowns that halt operations. Our team can tailor a predictive maintenance solution to collect invaluable machine data, stay ahead of breakdowns, and maximize profits.

ENERGY EFFICIENCY

Harness the power of energy-saving technology to save on energy bills and improve the overall operational efficiency of your systems. Are you an OEM? We can support your "green machines" as sustainability is an increasing customer demand.

Airline ALL BRANDS

Below is a comprehensive list of the product lines Airline carries, including additional lines which may not be listed on the previous pages. We have decades of experience helping our customers source the right products to fit their specific application needs. **Please note that certain product lines may not be available in all areas.**

Engineered Solutions

FLUID POWER SYSTEMS

We don't have the word "Hydraulics" in our name for nothing.

Our esteemed Fluid Systems Group thrives on designing and building the hydraulic power behind industrial and mobile machinery. Whether you need to power, move, push, pull, lift, dig, or drill, trust Airline Hydraulics for unparalleled expertise.

Hydraulic Power Units
(our bread and butter)

Lubrication Skids & Consoles

Winches and Gear Drives

Visit www.mpsasafety.com

MACHINE SAFEGUARDING

Increase the safety of your machinery with our expert turnkey machine guarding solutions. Our MPSA Machine Safety Division will guide you from start to finish, ensuring your machinery is compliant with safety standards.

LIQUID & GAS PRESSURE

Airline custom-designs turnkey booster packages to suit any industry. Solutions include Haskel air pressure amplifiers, liquid pumps, gas boosters, air controls, safety relief valves, and roll bar frames made from aluminum extrusion.

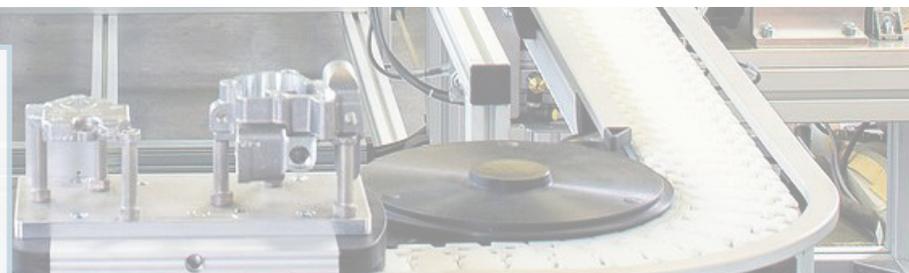

PNEUMATIC MANIFOLDS

Get your pneumatic valve manifold assemblies sourced, assembled, tested, and shipped in no time. Enjoy high-flow capacities, lower power consumption, high-speed response, and over 200 million cycle life.

AUTOMATION SYSTEMS

Our expertise lies in crafting tailor-made automation systems that harness the power of linear motion, motion control, conveyors, robotics, and other cutting-edge technologies.

MODULAR FRAMING SYSTEMS

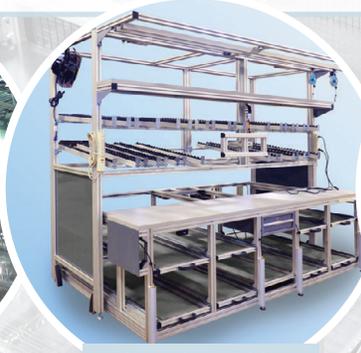

The only limit to what we can build is your imagination.

When you need the right materials and project know-how to build a framed system, that's where we come in. We have a comprehensive offering of aluminum extrusion components and custom-engineered builds.

- Raw aluminum extrusion profiles and connectors
- Cut-to-length aluminum profiles
- Pre-machined, drilled, or tapped aluminum profiles
- Framing Kits: Your project designed and machined, arriving ready to assemble
- Fully designed and assembled projects

Ceiling Grids

Lean Assembly Systems

Carts and Flow-racks

Custom Machining & Kitting

Field Service & Repair

COMPONENT RECONDITIONING & REPAIR

With state-of-the-art facilities, test stands, and factory-trained bench mechanics, we address issues with hydraulic pumps, motors, valves, cylinders, high-pressure hydraulic and pneumatic systems, and grease pumps, offering a one-stop solution for all your repairs.

RED PALLET

Scheduling pickup and dropoff is a breeze with our **Red Pallet Repair** form at www.redpalletrepair.com

FIELD SERVICE

Our team of professional, factory-trained field mechanics are equipped with fully stocked service vehicles to travel to your site, domestically or abroad. We specialize in turnkey installation

of hydraulic power units, pump/motor groups, cylinders, and hydraulic plumbing, and our expertise extends to predictive maintenance technology, lubrication systems, and more. Our fluid analysis services include on-site sampling, detailed reports, and the ability to rent fluid conditioning equipment.

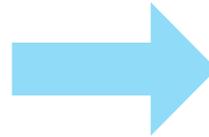

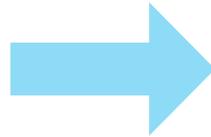

Oil and Fluid Conditioning

(800) 999-7378

Startup & Commissioning

When it comes to getting your systems running smoothly, we've got you covered.

Guiding tough start-ups and performance issues

We take the time to thoroughly understand every aspect of your machine, becoming a dependable and trusted partner.

Smoothing transitions to growth-encuding technology

Navigating technology upgrades can be overwhelming, so we provide guidance in product specification and facilitating seamless integration.

Empowering your self-sufficiency

We are dedicated to providing you with the knowledge and tools to fully comprehend your systems and minimize reliance on external vendors.

Training

Visit our website at www.airlinehyd.com/training to learn more & register

We provide a wide range of training classes for your continuous improvement.

PLC PROGRAMMING

Basic & Advanced PLC implementation & troubleshooting

MACHINE SAFETY

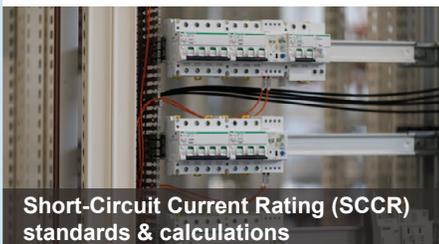

In-person & online courses on the implementation of safety protocols

HYDRAULICS

Hands-on hydraulic workshops for all skill levels

SCCR

Short-Circuit Current Rating (SCCR) standards & calculations

ARC FLASH

Education & safety procedures to avoid hazardous arc flash events

ON-DEMAND WEBINARS

A wide selection of webinars to view at your convenience

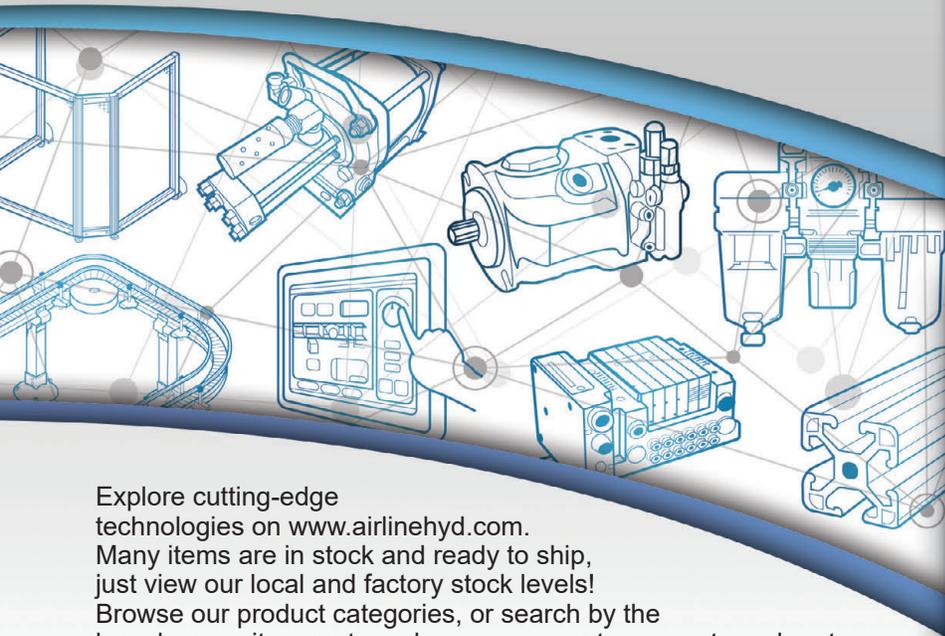

Visit www.airlinehyd.com for educational blog posts, videos, FAQs, and more.

Online ordering

WWW.AIRLINEHYD.COM

Buying the components you need has never been easier or more convenient.

Explore cutting-edge technologies on www.airlinehyd.com. Many items are in stock and ready to ship, just view our local and factory stock levels! Browse our product categories, or search by the brand name, item part number, or your customer part number, to easily buy the components you need, when you need them.

Easily check your order status & access tracking links

Buy on your terms with PO numbers & no credit card needed

Ship your way. Use your UPS Collect account, or select another preferred carrier

Submit blanket orders with scheduled deliveries

Volume-based discounting available

Streamline ordering via EDI, cXML, or API

Get started with an account today

If your organization does business with Airline, just enter your Customer ID and additional information.

Your salesrep can source your Customer ID, or find it on an Airline Quote or PO

If you are new to Airline, simply fill out the required information, choose a secure password, and voila!
